Started class one, worked hard for those eight years and the final year (2013) done KCPE and got 314 marks, same as B(plain). Interested in games and computing at large.

## EXPERIENCE

### Community work

#### Leading coding groups and teaching people about tech. (2022)

Leading a team of 5 members to develop a Loan Classifier system which gained a total of 70 points, Developing Dominant color detector in an image with my friend. Personal projects Including Facial Recognition Based Attendance, Team work or personal projects I used available and advanced technology to apply my skill level to guide and model a solution.

### Huawei student curriculum

#### Learning Cloud services and other online certification (2021)

Joined the Huawei team to learn cloud services and other Machine learning courses, and also big data. Offered in school-based part time learning. Got several certificates as listed in the award section.

## SKILLS

### Technologies

Python      CSS3/Sass  
MySQL      Express  
JavaScript      Restful APIs  
Node      HTML5  
Firebase      PHP  
MongoDB  
React  
React Native

### Tools

Git  
GitHub  
Visual Studio Code

### Others

Linux (Ubuntu)  
Windows OS  
Chrome DevTools  
Networking

## AWARDS

### Huawei certificates

HCIA-Cloud Service V2.2.

HCIA-AI Course.
